To whom it may concern:

Subject: Harvest Meat Company, Kansas City

Dec. 5, 2008

MRB Food Sources is involved in the sales and distribution of frozen fruit and vegetables to specialty markets, bakery supply, and preserve manufacturers throughout the Midwest.

We have enjoyed a very successful relationship of customer service with Harvest Meat Company. Wally Price and his staff have provided us with excellent service over the past 5 years. Their ability to perform standard tasks and special requests as needed on a day to day basis, make our job – servicing our customers a lot easier.

MRB has many projects both East and West Coast and we have come to rely on Harvest Meat Company as our main warehouse – serving our customer base from a central location. If you are considering Harvest Meat Company as a distribution and storage facility, you will not be disappointed they are a terrific group to work with, and you will find the service exceptional.

Mary Belasquez
