To Whom it May Concern:

Harvest Meats has been our primary local distributor for the last 8 years. Their responsibilities have included rotating, delivering, picking and inspecting all of our proprietary products that are received for our Kansas & Missouri markets.

During this time they have provided outstanding service as well as being cost effective. They have been and continue to be our partner and work with us in all areas to make the program a success.

Harvest Meats is highly respected by HoneyBaked Ham and their willingness to go the extra mile has been greatly appreciated. They are very well organized, accurate in their paperwork and easily reachable.

Harvest Meats has done an excellent job and I would highly recommend them for any distribution needs with your company.

Sincerely,

Marcus Sarnecki
Director Supply Chain Management
